INTERNATIONAL REALTY

This year marks my thirtieth consecutive year representing this incredible community with the finest real estate services I can deliver.

2021 was a record-breaking year for me on many fronts. In total, I was able to help facilitate over \$63MM in volume distributed across 30 sales. The trust and confidence my clients have placed in me is an honor and their properties are amazing. We have put together a highlight of ten of the more significant properties, but I value everyone's home and workplace.

If you or anyone you know has any real estate needs, I would welcome an opportunity to put my Mountains of Experience to work for you.
